

FINDERS KEEPERS

Editor: Charlene Myers

Presidents Message:

Lots of things been happenin', lots of things goin' on, and lots of things commin' up.... What's been happenin'? American Mining Rights Association is hosting the GPAA gold show in Vegas. Good group and glad to read that GPAA is giving the project to them. They are another group that needs our support. They are doing a whole lot to support the small miners and fight unruly rules that the U.S. Forest Service is placing upon us.

There is a new group forming called the MMAC. Minerals and Mining Advisory Council. Politicians who are also miners and prospectors forming a coalition. The Minerals and Mining Advisory Council (MMAC) has also already been recognized as a federal public land stakeholder by Congressional leaders. Their websites are www.mineralsandminingadvisorycouncil.org and www.mmacusa.org
We should be hearing about them at the April meeting.

Another happening is that the BLM and the U.S. Forest Service is working on some more road closures. Some up in the Summit claims area and some down in the Cleveland National Forest near Buckman Springs. Letter writing info has, I believe, been posted by the PLP, AMRA and AMRA. No new word on the dredging court hearing.

Summer is here and we got a whole lot of events coming up. Our next outing is at the Freedom Claim on April 18-19. We have the Oak Hill Elementary School California gold rush event. We have the Vista Strawberry Festival on Sunday, May 24. Valley Center - Bates Nut Farm garage sale on June 6. Set up on the 5th. Our TSSD outing for June is at Bonita Cove with a metal detecting potluck. Julian Gold Rush is on the weekend of June 27-28. If I've missed any news, please let me know at our April meeting.

Come to the meeting and get all the latest.....

Sourdough Chet

Each and every adult will fill out a 'new' membership application at tonight's meeting. Bring your GPAA/LDMA number if you have one.

Cell Phones ~ off or on vibrate Please!

Searching The Beaches:

By Frank Trutta

Pacific Beach outing worked out well. Everyone had some finds. Eight of us showed up from both clubs some worked the dry sand and a few of us worked the low tide area. Bob Amari came up with 98 cents and a Sterling silver ring, Becky Amari recovered 15 coins a small Sterling silver ear ring and a Timex watch, Cliff Vaughn came up with an unusual find of a nickel wrapped in a ten dollar bill, John Howe had 24 coins for \$1.89, Brian Kinnear had 87 cents, I came up with 27 coins for \$2.52 and a cheap pendant and chain, Tom Alaniz and Jerry Kaplan came up with some coins.

The hunt for April will be at Mission Beach at the large parking lot south of the roller coaster at 7:00 A.M. April 26th and we will meet at 10:00 A.M. to show off our finds.

If you have any questions call me at me shop, Columbia Metal Detectors, 760 291-7900.

Hunt Smart!

Metal Detecting with John:

By John Howe

Here's the report for TSSD's March Metal Detecting outing at Ocean Beach. Another beautiful day to be at the beach! We had 9 detectorists hunting and almost everybody found something besides junk. Here's the tally in order of cash found:

John Howe 43 coins @ \$4.34.

Rich Heygi 53 coins @\$3.53 and he proudly showed off the gold & diamond ring he found in a park. And surprise...it fits Trish's finger perfectly!

Jerry Kaplan 27@ coins @ \$2.30, an anchor insignia pin, needle-nose pliers

Bill Laffoon 9 coins @ \$1.39, a junk earring

Brian Kinnear 21 coins @\$).79, Timex watch, pair of junk earrings and **69 pieces of broken glass from the wet sand!**

Roz Laffoon 9 coins @ \$0.64, nice silver pendant w/ onyx stone

Cliff Vaughn 5 coins @ \$0.09.

Mark Pedersen 1 coin @\$0.00

Greg Terrones 0 coins @ \$0.00 and the **winner of the skunk** (literally).

The April hunt will be at Mission Beach. It'll be on Easter Sunday so I'm calling it my "Sunrise Metal Detecting Service". It's the start of beach season and with Spring Break and warm weather, the beaches are already getting crowded so we need to strike while the iron is hot.

So if you're not hunting Easter eggs come to the beach and hunt for jewelry!

Minerals and Mining Advisory Council (MMAC):

03/03/2015 ICMJ'S Prospecting and Mining Journal

Miners Declare Independence -- MMAC to Bring Back Mining Districts

by Ron Kliewer

Vice President, Public Lands for the People

Early on a crisp and clear February morning in the California Desert, a group of hardy individuals met to cheer the formation of the federal public lands stakeholder organization: Minerals and Mining Advisory Council (MMAC).

It is not often an event of great historical significance occurs; and usually the full magnitude of what those events mean are not realized at the time by those participating. I believe one of those historical events occurred near Randsburg, California on February 25, 2015 at the Sleepy Bear Mine. It was with great pride that I joined nearly 80 patriot miners and those fighting to keep public lands open, to be a part of the launch of what is becoming the voice for mining and public land users across America. Eighty people may not sound like many, but remember, there were only 56 signers on the original Declaration of Independence, and you know where that went! There were many clubs, organizations and businesses represented by those in attendance.

Our strength is in the individual—grass roots, if you will. Our strongest public property rights outside the Constitution are the rights granted to us under the 1872 Mining Law.

The 1872 Mining Law was based on the laws that miners had established by self-initiation when they formed Mining Districts throughout the West. Those laws/rules were working, and so they became codified into Law. We have the *federally granted right* to access, prospect and extract minerals from our mining claims, regardless of what arbitrary designation was slapped onto the land in the latest round of land and road closures.

It has been said that the people perish for lack of knowledge, and the people lose their rights for the same lack of knowledge. It's time for us to pick up the legal tools granted to us under Federal Mining Law and get to work reversing the trend that has been hammering away at our rights. We need to pick up the pieces that have been chipped off and reconstruct what has been lost. The first thing MMAC is doing is exactly that! By organizing the historic Mining Districts in the 19 western states, miners will again have a say in what happens on public lands with Congress and the BLM. This is only the first step in regaining control over the destiny of the Public Lands and our mining rights.

Just as when the Mining Districts were first formed, people were elected to run the Districts and watch

out for the rights of the individuals. Mining Claim rules were successfully worked out to such a degree that the basic rule structure that was in place was preserved in the 1866 and 1872 Mining Laws and have also been reinforced by court cases and clarified by additional laws down through the years.

MMAC is educating folks, informing them that the rights they have are far stronger than what they realized, and they have been losing those rights by not being informed and organized.

Miners are not afraid of doing hard work and getting dirty. They know how to use picks and shovels to wrest gold and other minerals from the earth, thus *creating wealth*. The bureaucrats in DC and around the country seem to have forgotten this all important point: "If it's not grown, it's mined." MMAC has been created to do just that, and much more. It is the voice the miner, the off-roader, the hunter, hiker, fisherman and anyone that gets "out there" on our public land. MMAC is the voice and the muscle needed to preserve the freedom to use and enjoy OUR public lands, preserving the intent of what our country and mining laws were based on -- public property rights -- which, in turn, also protects our private property rights. When you own a Federal Mining claim, you own the minerals on that claim, which are your private property. You do not own the land, it remains Public Land.

The Mineral and Mining Advisory Council's mission is four-fold:

1. Bring together all the groups and organizations that are fighting for the same thing.
2. Organize, Modernize, Institute and Unify all Nationwide Mining Districts (by May 31, 2015).
3. Minerals and Mining Advisory Council (MMAC) to be recognized as Federal Public Land Stakeholders. This has happened regionally and now MMAC is going for National Recognition.
4. To become Legal Federal Agents, all under one voice!

MMAC shall be the unified voice of the Mining Districts, providing guidance and balance to our important homeland strategic minerals, metals and rare earths; as well as general mining and public land use as originally intended, coexisting with the Bureau of Land Management (BLM). In accomplishing this mission, MMAC will tear off the bonds of over-regulation, duplicate regulations and agencies, cutting down on paperwork, lawsuits, and debunking flawed studies, analysis and information. This will cut state and federal spending on behalf of minerals and mining, clarify who is in charge and establish a working relationship, coexisting with BLM.

In completion of this mutual coexistence, MMAC will be creating thousands of brand new, long-term, high-paying jobs. This includes mining, parts, vendors, manufacturing, rentals, wholesalers and retailers. Again, *remember*, "If it is not grown, it's mined".

Mining claim owners under MMAC will be electing District Administrators for all Mining Districts, as well as other positions needed in the organization to move MMAC ahead successfully. Applications are being accepted for positions in your MMAC Administrative District until April 30, 2015 online at the MMAC website: www.mineralsandminingadvisorycouncil.org or the short version: www.usammac.org Voting begins May 1, 2015, and runs through May 31, 2015. Get on the ballot and get out the VOTE! Spread the word about what is happening in the mining community. MMAC District Administrators will be the head and voices of their individual districts.

It takes all of us working together to make this happen. It is our time to get involved. Obviously, what we have done in the past (mostly nothing or next to it), hasn't worked. We have continued to lose access to our public lands. Have you seen a land use map of our country lately? It is beginning to look a lot more like the Crown King's forest than open, free public land. I'm all for preserving pristine landscapes for future generations to enjoy, but we must have balance between preservation, the economy and recreation. Too much of any one and the other two suffer.

It's time for all of us to put our minor (and miner) differences aside and work together to preserve our mining and public land rights for our kids and grandkids. As Walt Wegner, President of Public Lands for the People is fond of saying: "It's time to take it back and KEEP IT!"

MMAC's goal is to be recognized as Federal Public Land Stakeholders by summer 2015 -- this actually happened on February 28, 2015 3:30 pm PST -- and a Federal Agency by the end of 2015.

For more info email info@mineralsandminingadvisorycouncil.org or visit www.mineralsandminingadvisorycouncil.org

Sincerely,

Ron Kliewer
Vice President, Public Lands for the People
www.publiclandsforthepeople.org

Editor's Note: *ICMJ's Prospecting and Mining Journal* is behind this effort 110%. Miners have been pushed around for decades and need a "seat at the table" when it comes to decisions that affect our public lands. The MMAC is our best opportunity to restore the rights granted to us under the Mining Law. Please take a look at the MMAC website and get involved.

GPAA Membership Kits:

Available at the TSSD meetings.

Cost is \$70.00 for a one year membership; start up kit and claims guide through TSSD only. Please see Chester.

Finds of the Month:

3 categories to enter: Gold, Gems and Minerals, Metal Detecting Finds

Bring in your best finds from last month.

Prizes for 1st and 2nd place in all 3 categories.

*Remember, it is **quality**, not quantity.*

March Meeting Summary:

159 people in attendance.

Door Prize Winner – Pam Clements

50/50 Drawing – David Rice

Finds of the Month:

Metal Detecting – Steve Thacker and Frank Trutta

Gems & Minerals – Klaus Gohlke and Bob Verish

Gold – Joe Corriher and Bob Dunn

Gold Nuggets – Keith Browning, Gene Oliver – a two time winner, Rod Regan, Cathy Woodson, Brian Winter and David Hale

Sluice – Nathan Sure

Garrett 250 Metal Detector – Greg Terronen

On Facebook? There is a group on Facebook “San Diego Prospectors and Gold Miners”

https://www.facebook.com/?ref=tn_tmn#!/groups/248992371925760/

It is a closed group and you must ask to join. This is for anyone who is interested in the great outdoors. Many SPMA, TSSD members, and others, are on this page.

Miner's Cookbook Corner:

By Judy Carpenter

Oven Baked Coconut Shrimp

2/3 cup Shredded Coconut, lightly toasted

1 Package Extra Crispy seasoned coating mix, (Shake n Bake)

1/4 teaspoon cayenne

1 teaspoon curry powder (optional)

1 egg, beaten with 2 Tablespoon water or coconut milk

1 pound uncooked extra large Shrimp, clean, peeled and devained (leave tails on if desired)

Pre heat oven to 400 degrees.

Mix the toasted coconut, seasoned coating mix and cayenne in a bowl

Spray a baking sheet with Pam spray

Dip shrimp in the egg wash, then in the coating mix, press firmly to coat well.

Place the shrimp on the baking sheet in a single layer

Bake for 10 to 12 minutes or until shrimp are done.

Thank you – You Make a Difference!

To Betty Krutzsch-Johnson and Augie Johnson, Owner/Operators of AKAU Alaska Gold & Resort L.L.C.

Long time members of Treasure Seekers for their presentation on their mining operation in Nome, Alaska on the famous Anvil Creek. Visit their website at: <http://akaugold.com/>

To each and every volunteer that it takes to run a meeting and all the behind the scene actions. You are appreciated.

April Outing:**TSSD Freedom Claim:**

Treasure Seekers of San Diego will be holding their monthly outing, Saturday and Sunday April 18th and 19th, at the Freedom Claim (located in the TSSD mining claim guide).

It is approximately 3 hours north of Escondido and approximately 180 miles.

There is plenty of room for tents, vehicles, motor homes and trailers.

Dry Camping only No hookups No Bathrooms.

This claim is known for lots of fine gold to flakes and some smaller nuggets. Dry washing, Metal Detecting and Dowsing is recommended. The previous owner of this claim dug many holes and the piles of overburden can be accessed easily. In these piles of overburden is where the gold has been found. Gold has also been found in the caliche.

When out there, don't forget to go check and prospect the other three claims that are in the immediate area. They are: "Smokin'", "Little Bit" and "Splash" which can be found in the TSSD claim guide. All are in an easy drive of each other.

Directions to the claim:

Hwy. 15 North to Hwy. 395 North. The claim is approximately 75 miles from this junction.

You can get fuel and ice in Kramer Junction and you can get water in Johannesburg.

As you enter Johannesburg, look for the street called "St. Elmo" (has a mini market on the corner) turn left. Travel a few blocks and you will see the Johannesburg Water Dept. building on your left (light brown in color with large trees). Here you can load up with water from a metered hose out in the front. They charge a few cents per gallon. You pay your money through a slot in the office door. Since the water is so cheap, most of us give a 'tip' to help keep this operation going.

Go back out to Hwy. 395 and head north.

As you head down hill you will cross a railroad track. Once passed the tracks there will be a road marked with a white barrel with a LDMA sign on it.

The street sign is called RM 26. Turn right. Travel through the LDMA (Duisenburg) claim and campground *Please remember to do 10 mph while going through their camp.*

You will cross the railroad tracks, bearing left.

It is suggested that you travel along the railroad tracks, past the claim and then backtrack to the claim on the well traveled dirt road. This is the easiest road into the claim for all vehicles.

Please enjoy yourselves..... find lots of gold..... And know what claim you are on by the GPS coordinates. Many, many claims are right adjacent to TSSD's.

Supporting the Chapter:

Dowsing Rods - \$25.00 for members/ \$30.00 for non-members. Limit one per family.

“The Desert Magazine” on Disk – 1937 to 1983 - \$5.00 for the set. Limit two per family.

Membership Card Holders with clip or pin style – \$2.00 each at Membership table.

Engraved Name Tags - \$12.00 each

Treasure Seekers Pins & Decals - \$6.00 each

Bags of Gold Pay Dirt - \$10.00, \$25.00, \$50.00 and \$100.00 bags available for purchase (with limits).

Claims Guides - \$20.00 with your TSSD membership card.

Opportunity Drawings:

Door Prize – taken off the meeting sign in sheet

50/50 Split Drawing

Gold Nugget Drawing

Raffle Table Drawing

See Jerry Goldstein for your winning tickets!

TSSD does not charge dues. There is no cost to check out prospecting equipment, outings are free, prospecting our claims is free, the library is free, and the education and companionship are priceless and free.

Yet TSSD still has to pay rent, pay the mining claim fees, pay the storage bill for the equipment for you to use, gold and raffle item costs, printing fees and numerous other monthly costs.

Please support “your” club!

Participate!

Buy some tickets!

Win!

A special ‘ticket’ is given to you for every \$20.00 spent at a meeting. This ticket is for a “Super Prize” that will be drawn at the February 2016 meeting.

June “Quarterly Prize”:**Gold Cube Sluice**

Outings and Events:

April 1st – Wednesday:

TSSD General Meeting @ 210 Park Ave., Escondido
6:30pm

April 5th – Sunday:

Metal Detecting with John Howe
Mission Beach
7:00am'ish
10:00 am meet up to share finds

April 18th & 19th – Saturday and Sunday:

Freedom Claim Outing

April 26th – Sunday:

Metal Detecting with Frank Trutta
Mission Beach
7:00 am.

May 6th – Wednesday:

TSSD General Meeting @ 210 Park Ave., Escondido
6:30pm

If you wish to run an ad, please send to: charlenemyers@cox.net by the 20th of each month.

TSSD Equipment for Member's Use:

- 2 Sluice Boxes – 3 feet long
- 1 Sluice Box – 4 feet long
- 1 Mini Recirculating 9 inch sluice with pump, motor and tub
- 1 Mini Recirculating sluice with pump and motor (no tub)
- 1 Highbanker with motor and pump
- 1 Small Dry Washer (no leaf blower)
- 1 Large Dry Washer (Keene 151 with leaf blower)
- 1 Magnetic Sweeper on rollers

TSSD has equipment that it loans to its members. All we ask is that anything that is checked out is returned in the same or better condition than when it was borrowed. It is understandable that with the nature of our hobby, the equipment will get some bumps and bruises, which is acceptable. But if parts are lost or broken, it is the responsibility of the 'borrower' to repair or replace missing or broken parts. Further details of the equipment check out policy is on the form which you will sign when receiving the item.

Earl Sterrett, 858-922-4547, will be able to assist you with the equipment checkout. He asks that you give him a couple of days' notice when you might need something, and when items are returned that they are CLEAN. All equipment must be returned by the meeting following when it was checked out. Equipment is located at Diablo Mini Storage in Escondido.

G.P.A.A.:

Treasure Seekers of San Diego is a chapter of G.P.A.A.. This does not require you to become a member of G.P.A.A. but if you are, please advise them that you are also a member of TSSD, so that we are eligible for 'points' from your membership. TSSD uses those 'points' to obtain opportunity raffle items.

TSSD Library:

Treasure Seekers of San Diego has a tremendous library for its members' usage. Librarian, Roz Laffoon, will gladly assist you in checking out books, magazines, VHS/DVD's that show you gold locations and history, treasure hunting, maps and knowledge of what to look for. Anything that is related to gold, gems and treasure hunting is available.

TSSD Membership:

Membership to Treasure Seekers of San Diego is free. We do not charge an annual dues. All that is asked is that you attend meetings, participate and support the group through its opportunity drawings and events. To maintain membership, you MUST attend one meeting every four months.

- 1st meeting: Complete and turn in a membership application.
- 2nd meeting: You will be given your TSSD membership card.
- 3rd meeting: You will be able to purchase a TSSD Claims Guide with proof of your membership card.

TSSD Claims Guides:

TSSD Claims Guides are available for purchase for \$20.00 (Twenty Dollars).

Inside each guide you will find:

1. List of Officers
2. Current year calendar of events
3. Claim Rules and Regulations
4. Chapter Support and Claims Etiquette
5. Equipment for members to check out and use
6. Claim do's and don'ts
7. What to expect at an TSSD outing
8. Using Dowsing Rods
9. Detailed maps and information pertaining to the 15 claims of TSSD.

Claims Assessment Work Form:

Each and every time you are at one of TSSD's claims, you should be completing a Claims Assessment Work Form (located in the front of the claims guides, or at the meetings from the Claims Guide Seller). This form needs to be turned into Robert Cook, TSSD Claims Manager, at the meetings or e-mailing it to him at: rmjcc@cox.net or surface mail to: 1941 Rockhoff Road, Escondido, CA 92026-1113.

Needed information required: Claim used, Members name, Date used, Total people prospecting and time on the claim, Type of work done (clean up, maintain, filling in holes, etc.), Members signature, Claims access, Vehicle access, Claim Markers, Claims Guide Directions, Type of equipment used, Type of gold found.

It sounds like a lot, but it really is not. This information is needed to prove that our claims are being worked. If BLM questions us as to the use of our claims or wants to close one of our areas to prospecting we want to be able to produce records that show that our claims are being used.

Claim Assessment Work forms are available at the sign in table. Please return to Robert Cook.

TSSD Mining Claim(s) Corrections:

Please note the following corrections in your copy of the TSSD Claims Guide:

1. Friendly Fox Claim:
 - a. The BLM Route to the claim is #663 (mile marker 10).
2. Warner Springs Gem Claim:
 - a. The Forest Route to the claim is #9S05 (Lost Creek Rd.).
3. TSSD Cargo Claims:
 - a. The turn off from Sidewinder Road is BLM Route #715.

Treasure Seekers of San Diego County Mission Statement

Treasure Seekers of San Diego County (T.S.S.D.) was officially organized on May 21, 2003 when the election of officers was held. We are a G.P.A.A. chapter. Non G.P.A.A. members may attend meetings and participate in the raffle, but are not eligible to vote, hold office, be on the claims committee, or utilize G.P.A.A. claims. The purpose of this organization is to provide an environment to increase public awareness, with education and training, of locating, identification and legal removal of minerals, caches and treasures while keeping in mind the preservation of the environment and wild habitat.

Meetings are held at the Park Avenue Community Center (formerly Joslyn Senior Center)
210 Park Avenue, Escondido CA

On the first Wednesday of each month, 6:30pm – 9:00pm
