

# FINDERS KEEPERS

Editor: Charlene Myers

## Presidents Message:

The Himalaya Dig!!! Well, we did it. Some got some great specimens and some got a few specimens... We did have a large crowd. The event wasn't as great as it was said to be. Maybe I wasn't trying hard enough. Anyway, we did it and we will look for other places to dig for precious stones. Maybe there is someone in our group that can come up with some suggestions.

The GPAA/LDMA folks are having an outing in the Dusienburg area soon. I would like to go just to make sure all their folks remain on the LDMA claims out there. And the Sleepy Bear Octoberfest is going from October 9 through October 12. Then we have our TSSD outing to the Little Bit claim on the weekend of October 17. We really need to get out there just to see, with all the traffic, if there is any "Little Bit" left of our claims... SPMA has also acquired some new area out in the Red Mountain area so us SPMA members also have some new areas to dig in. Also Johannesburg Jordan has invited us to come join him to sample some of his grounds.

We have only one GPAA Membership with the kit left for that lower price for the TSSD members left. After that, expect to pay the full price for GPAA membership. We also have those three gallon food grade buckets. You don't need to just fill with dirt. Fill them with biscuits and gravy then store it for the winter. Or chili or even spaghetti.

Before you know it, the Julian Rendezvous will be here too. That's something you won't want to miss. Gold panning contest with prizes. Metal detecting contest with prizes. And also a relic hunt on some property that was once inhabited by the old Julian miners and prospectors. The Julian Mine Company also has a store filled with unbelievably old items for sale too.

So, now that the weather MAY!!! Be cooling down, let's get out there and do some prospecting. Let's get out in that desert and breath some good air but wear your dust masks while drywashing. Let's watch those desert sunrises and sunsets. Let's have those bonfires where we circle around and tell those stories of the big nuggets and gemstones. Let's get to know one another again and again.... See you at the meetings, events and the digs.

Sourdough Chet

## Searching the Beaches:

By Frank Trutta

On our Mission Beach hunt everyone had a good time. We all found something, not as much as we would have liked. My wife Zee came up with \$1.12 two toy cars and a car key, I was hunting the low tide sand and recovered 22 coins for \$1.62 and a toy car, John Howe got 16 coins for \$1.80 and a lock, Tom Alaniz had 28 coins for \$3.04, Cliff Vaughan blew us all away with 58 coins for \$6.75 a Canadian dollar coin a Euro coin and two small bracelets, Marvin Foster using an old Minelab 18000 came up with 21 cents, Mike Gillas had 89 cents and two lighters, Jerry Kaplan had 20 cents and Bob Dunn for his first time out got a few coins.

Next month's outing will be October 25<sup>th</sup> at Pacific Beach around 7 a.m. just south of the pier and we will meet at 10 a.m. to show our finds. The tide will be high so dry sand hunting will be the thing to do. Should you have any questions give me a call at my shop Columbia Metal Detectors 760 743-8516 or call me on my cell phone 760 291-7900.

Hunt smart!

## Metal Detecting with John:

By John Howe

TSSD's September 6th Metal Detecting Outing was at Coronado Beach. We had 10 hunters who found a total of 236 coins for \$22.97. Although only 1 club member found a silver ring, there were more available since I talked with a non-member who had found 3 rings, gold, silver and tungsten?. Of course he'd been there since 3 am. Here are the results sorted by \$\$ found....

Larry Bridgeforth 55 coins @ \$ 6.49 and a silver ring!  
 Cliff Vaughn 34 coins @ \$5.63  
 Rich Hegyi 56 coins @ \$3.60  
 John Howe 39 coins @ \$2.41  
 Brian Kinnear 26 coins @ \$2.19, a medic alert necklace  
 Jerry Kaplan 9 coins @ \$ 1.23  
 Bob Waldrip 13 coins @ \$ 0.96, a junk necklace  
 Greg Merriott 2 coins @ \$ 0.35  
 Bill Laffoon 2 coins @ \$ 0.11  
 Roz Laffoon 0 coins @ \$ 0.00 And the winner of the **SKUNK!**

I've got a conflict with the October 11th outing. Coinshooters are having another mini-hunt at Bonita Cove and I will be attending that on Oct 11. So maybe we can do South Mission Beach @ the jetty (or volleyball courts) on **SATURDAY, Oct 10** or you all can go to Mission Beach @ roller coaster on Sunday, the 11th, but I'll be across the street scooping LOTS of coins. I'll send out a reminder for whatever I decide (comments welcome). I'll also send out the info on the Coinshooters mini-hunt as well.

John

## OCTOBER OUTING:

Saturday and Sunday, October 17<sup>th</sup> and 18<sup>th</sup> 2015

### TSSD's "Little Bit" Claim

Treasure Seekers of San Diego will be holding their monthly outing, Saturday and Sunday October 17<sup>th</sup> and 18<sup>th</sup> at the "Little Bit" claim (located in the TSSD mining claim guide).

It is approximately 3 hours north of Escondido and approximately 180 miles.

There is plenty of room for tents, vehicles, motor homes and trailers.

### **Dry Camping only No hookups No Bathrooms.**

This claim is known for lots of fine gold to flakes and some smaller nuggets. Dry washing, Metal Detecting and Dowsing is recommended. Gold has also been found in the caliche.

When out there, don't forget to go check and prospect the other three claims that are in the immediate area. They are: "Smokin'", "Freedom" and "Splash" which can be found in the TSSD claim guide. All are in an easy drive of each other.

### **Directions to the claim:**

Hwy. 15 North to Hwy. 395 North. The claim is approximately 75 miles from this junction.

You can get fuel and ice in Kramer Junction and you can get water in Johannesburg.

As you enter Johannesburg, look for the street called "St. Elmo" (has a mini market on the corner) turn left. Travel a few blocks and you will see the Johannesburg Water Dept. building on your left (light brown in color with large trees). Here you can load up with water from a metered hose out in the front. They charge a few cents per gallon. You pay your money through a slot in the office door. Since the water is so cheap, most of us give a 'tip' to help keep this operation going.

Go back out to Hwy. 395 and head north.

As you head down hill you will cross a railroad track. Once passed the tracks there will be a road marked with a white barrel with a LDMA sign on it. The street sign is called RM 26. Turn right. Travel through the LDMA (Duisenburg) claim and campground *Please remember to do **10 mph** while going through their camp.*

You will cross the railroad tracks, bearing left. Follow the railroad tracks (on your left) until you reach the first crossing back over the tracks. Cross over the tracks. Make a sharp right (so railroad tracks are on your right). Go down the slight incline. At the bottom of the incline make your first left and follow the road for less than ¼ mile. The old Chimney ruins will be on your left. Motor homes have been known to make it out here, but if you are unsure – camp at the Freedom Claim and drive over to the chimney area in your tow vehicle.

Please enjoy yourselves..... find lots of gold..... And know what claim you are on by the GPS Coordinates. Many, many claims are right adjacent to TSSD's.

*BUCKETS – BUCKETS – BUCKETS – BUCKETS – BUCKETS –  
BUCKETS!*

TSSD now has **BUCKETS with LIDS** to sell!

3 Gallon, food grade buckets **with** Lids!

Great for gold mining, gem hunting, storing items, storing food, storing animal feed and the list goes on.

\$2.00 each or 3 for \$5.00.

**Book Report – “Thrill of the Chase”**

Forrest Fenn's book, "Thrill of the Chase - A Memoir", has been covered three times in the GPAA Gold Prospector's magazine. Shot down twice, (Laos and Vietnam), he received many medals (18) including a Purple Heart. Hardly a dull life, he's a self made millionaire and "terminal" cancer survivor. His multimillion dollar treasure hidden somewhere in the Rocky Mountains and clues about its whereabouts are described in his book and have been all over social media and TV. After the first GPAA article I bought his book. He has a terrific sense of humor and displays it throughout. Plus, how many authors put their email address in their book? I recently emailed him and told him how much his book and website interviews meant to me and that his life would make a great movie. The next day I received a nice answer from him. To listen to him in person, Google Forrest Fenn and click on Old Santa Fe Trading Company and then click on interviews. After hearing him speak, I'm sure you will agree that this 84 year old gentleman is fascinating, charismatic and down to earth. My copy of his book has made the rounds of many of our chapter members and is now in the TSS library which Roz Laffoon handles. I hope everyone enjoys it as much as I did.

| 3 <sup>rd</sup> meeting: | You will be able to purchase a TSSD Claims Guide with proof of your membership card. |

**G.P.A.A.:**

Treasure Seekers of San Diego is a chapter of G.P.A.A.. This does not require you to become a member of G.P.A.A. but if you are, please advise them that you are also a member of TSSD, so that we are eligible for 'points' from your membership. TSSD uses those 'points' to obtain opportunity raffle items.

**Did you know...**

1. If you invite a guest to one of the claims held by TSSD you **MUST** be in attendance. Writing a note or permission slip to be on the claim and prospecting **WITHOUT** you is a **NO-NO**. This is for liability reasons. In the last several months TSSD members have come across people working our claims with these so-called permission slips (and verbal permission) from individual members.
2. A mining claim only holds the rights to the minerals and the land is normally owed by BLM. But there are laws and regulations that govern a mining claim and the liabilities that go with it. And we, as Treasure Seekers of San Diego, need to protect our rights and liabilities to our claims.
3. The same goes for the GPAA claims. Please refer to the GPAA mining claim handbook for their rules.
4. Treasure Seekers of San Diego looks forward to many good years of prospecting for the members and we do not want to lose any of our claims due to a violation. Again guests are always welcome – but you need to be in attendance with their presence. And they must sign TSSD's liability form in order to prospect.

**TSSD Equipment for Member's Use:**

- 2 Sluice Boxes – 3 feet long
- 1 Sluice Box – 4 feet long
- 1 Mini Recirculating 9 inch sluice with pump, motor and tub
- 1 Mini Recirculating sluice with pump and motor (no tub)
- 1 Highbanker with motor and pump
- 1 Small Dry Washer (no leaf blower)
- 1 Large Dry Washer (Keene 151 with leaf blower)
- 1 Magnetic Sweeper on rollers
- 1 Au-nique Vac

TSSD has equipment that it loans to its members. All we ask is that anything that is checked out is returned in the same or better condition than when it was borrowed. It is understandable that with the nature of our hobby, the equipment will get some bumps and bruises, which is acceptable. But if parts are lost or broken, it is the responsibility of the 'borrower' to repair or replace missing or broken parts. Further details of the equipment check out policy is on the form which you will sign when receiving the item.

Earl Sterrett, 858-922-4547, will be able to assist you with the equipment checkout. He asks that you give him a couple of days' notice when you might need something, and when items are returned that they are CLEAN. All equipment must be returned by the meeting following when it was checked out. Equipment is located at Diablo Mini Storage in Escondido.

**TSSD Library:**

Treasure Seekers of San Diego has a tremendous library for its members' usage. Librarian, Roz Laffoon, will gladly assist you in checking out books, magazines, VHS/DVD's that show you gold locations and history, treasure hunting, maps and knowledge of what to look for. Anything that is related to gold, gems and treasure hunting is available.

**TSSD Claims Guides:**

TSSD Claims Guides are available for purchase for \$20.00 (Twenty Dollars).

Inside each guide you will find:

1. List of Officers
2. Current year calendar of events
3. Claim Rules and Regulations
4. Chapter Support and Claims Etiquette
5. Equipment for members to check out and use
6. Claim do's and don'ts
7. What to expect at an TSSD outing
8. Using Dowsing Rods
9. Detailed maps and information pertaining to the 15 claims of TSSD.

**Claims Assessment Work Form:**

Each and every time you are at one of TSSD's claims, you should be completing a Claims Assessment Work Form (located in the front of the claims guides, or at the meetings from the Claims Guide Seller). This form needs to be turned into Robert Cook, TSSD Claims Manager, at the meetings or e-mailing it to him at: [rmjcc@cox.net](mailto:rmjcc@cox.net) or surface mail to: 1941 Rockhoff Road, Escondido, CA 92026-1113.

Needed information required: Claim used, Members name, Date used, Total people prospecting and time on the claim, Type of work done (clean up, maintain, filling in holes, etc.), Members signature, Claims access, Vehicle access, Claim Markers, Claims Guide Directions, Type of equipment used, Type of gold found.

It sounds like a lot, but it really is not. This information is needed to prove that our claims are being worked. If BLM questions us as to the use of our claims or wants to close one of our areas to prospecting we want to be able to produce records that show that our claims are being used.

Claim Assessment Work forms are available at the sign in table. Please return to Robert Cook.

**TSSD Mining Claim(s) Corrections:**

Please note the following corrections in your copy of the TSSD Claims Guide:

1. Friendly Fox Claim:
  - a. The BLM Route to the claim is #663 (mile marker 10).
2. Warner Springs Gem Claim:
  - a. The Forest Route to the claim is #9S05 (Lost Creek Rd.).
3. TSSD Cargo Claims:
  - a. The turn off from Sidewinder Road is BLM Route #715.

**How to read and coordinate your GPS with TSSD Mining Guide:**

1. Maps used in Claims Guide are Delorme Maps
2. Measurement is "Statue Miles"
3. GPS Coordinates are "degrees"
4. Datum is "WGS84"
5. Bearing is "True North"
