

FINDERS KEEPERS

Editor: Charlene Myers

Presidents Message:

I understand that we did have a few members go out to the Friendly Fox outing. Members did find some gold flakes. I always liked to take kids out to the old horseshoe cave next to our claim. I would tell them the story about some lost miners in the cave and that you could still hear them in the cave. Interesting cave that no one has trashed yet. If you are able to four-wheel out there, you can find many other mines and you wonder how they got all the lumber out there to shore up and build ladders to the deep vertical drops.

We have the GPAA Gold Show coming up on the 20th and 21st. It's not too late to get together a bunch of members to volunteer to help GPAA set up and to help run the show. We would also need volunteers for Friday to set up all booth spaces. It takes at least 10 volunteers per club for each day, Friday, Saturday and Sunday. We could average around 1,500.00 per club. There is six clubs participating. Also, an indeterminate amount of points from the GPAA to spend on prospecting items for our club. It's at the Pomona Fairgrounds and would take some commuting. Let us know and please sign the sign-up sheet. You can sign up for any of the three days, but we need at least ten per day and don't sign up unless you can positively make the commitment.

Also that same weekend, on that Sunday, we are going to the shared with SPMA club members, the Buck Canyon and Buck Canyon 2 claims in the Ranchita area. The claim area contains stream beds, tailing piles and some natural springs with marshy areas. There used to be some old building sites and you may find some old buried trash and building areas. The Montezuma Mine is out there. Most of the mining was hard rock mining with very little placer mining. The start of the public land is rough and needs a high clearance or 4X4 vehicle. Just a bit after passing the rough spot, you can spot the tailing piles of the old Montezuma mine. There are other mine shafts to be careful of. Klaus goes out here frequently and may be talked into being our wagon master. Good place for relic metal detecting too.

On Sunday the 28th, Jim and Sue Jeffrey are going to put on a metal detecting hunt at an old school house area and there is 121 acres to hunt in. There will also be a hotdog lunch. You will have to meet at their store in Temecula at 8:15 am and then caravan to the spot. Great hunting area and no telling what you will dig up. I know we all will meet up with others who like to metal detect and those from other clubs as well.

We also have some local Gold-Show-Like events scheduled this year, including an elementary school or two. The Show-Like events can be done with little or no expense to the volunteers. We can have Show-Like fun and make some funds for our club. I do want to see some of our new members volunteer to help us. Not just the old-timers who seem to do these events every year. May your heart and pan shine with gold.

Searching the Beaches:

By Frank Trutta

With the minus 1.3 tide at La Jolla Shores it gave us a huge area to search. Brian Kinnear came up with the nicest item, a large sterling silver spinner ring and 10 coins for 61 cents, John Howe recovered 17 coins for \$1.73 and a genuine gold plated ring, Jerry Kaplan came late came up with 4 coins, my wife Zee got 20 coins for \$1.78 and I recovered 53 coin for \$5.12 and a junk ear ring.

Our next hunt will be at Pacific Beach at 1:00 pm in the afternoon on February 21. There will be a -.8 tide and should give us plenty flat low tide area to hunt. Should you have any questions, give me a call at my shop Columbia Metal Detectors at 760 743-8516 or on my cell phone 760 291-7900.

Hunt smart!

Metal Detecting with John:

By John Howe

We had our January metal detecting outing at Mission Beach. It was the first time we had an afternoon hunt. There were 2 reasons...a minus 1.0 tide at 3 pm and the recent storm activity. Two good reasons to hunt in the wet sand, if your machine can handle it. We had maybe the best turnout we've ever had, 16 hunters! Maybe we should have more afternoon hunts? 123 total coins found for \$10.20 total cash. 4 rings found, 2 nice silver ones!

One note I want to make...PLEASE FILL ALL YOUR HOLES. All we need is for a jogger to trip in one of our holes and there could be trouble. Regardless of all the kid's excavations! All it takes is to kick the sand back in the hole.

So here's the tally, sorted by \$\$ found.

Gerry Kaplan 16 coins @ \$ 3.16

Scott McGrosso 28 coins @ \$ 1.80

Frank Trutta 19 coins @ \$1.31, junk ring, earring

John Howe 12 coins @ \$1.29, junk ring

Bob Waldrip 11 coins @ \$ 0.89, Aunt of a Marine medallion

Zee Trutta 10 coins @ \$ 0.45

Brian Kinnear 5 coins @ \$0.27, really nice silver ring with stones

Tom Aliniz 2 coins @ \$0.26

Janet Cornell 3 coins @ \$ 0.22 not a member...yet

Don Bunting 4 coins @ \$0.22

Rich Heygi 7 coins @ \$ 0.20, a big silver horseshoe ring w/green stones

Diana Bunting 2 coins @ \$ 0.11

Kent Cibas 1 coin @ \$ 0.01 Winner of **1/2 SKUNK!**

Cliff Vaughn 1 coin @ \$ 0.01 Winner of **1/2 SKUNK!**

Gordon Prigge left early

Richard Gravel 1 nail (first time out so he gets a skunk pass)

The next hunt will be maybe at Coronado on Feb 7. Subject to change, but I'll send out a reminder.

FEBRUARY!
SUPER PRIZE DRAWING!

Remember those extra ticket(s) you received for every \$20.00 spent on the raffle drawings?

Well.....the drawing of those numbers are tonight!

Dig out your pinkish-red tickets and get ready for a fabulous chance at some really great gifts! 13 prizes in all!

Thank you – You Make a Difference!

To Bill Myers and his Political Action Committee for gathering 91 signatures on the petition to endorse HR 3668 (Paul Cook) to save our lands.

To Earl Sterrett for the claims updates. Your work is truly appreciated.

To Mike Mahr for his presentation on the upcoming GPAA Gold Show in Pomona.

To Charlene Myers for her presentation on TSSD's Friendly Fox claim.

To each and every volunteer that it takes to run a meeting and all the behind the scene actions. You are appreciated.

Miner's Cookbook Corner:

By Judy Carpenter

4 Ingredients or Less**Ice Cream****Ingredients:**

- 2 cups cold heavy whipping cream (cold)
- 1/4 cup sweetened condensed milk (not to be confused with evaporated milk)
- 1/2 -3/4 cup Chocolate syrup or Strawberry Preserves, Peach, or any flavor you prefer
- or add mini chocolate chips
- (optional) pinch of sea salt

Directions:

1. In large mixing bowl of stand-mixer or in a large bowl (freeing the bowl is a good idea also) or using an electric hand mixer, add all the ingredients: heavy whipping cream, sweetened condensed milk, chocolate syrup and/or sea salt (optional).
2. Whip the chocolate heavy cream mixture on high speed until stiff peaks form (to prevent massive splattering, start out at a slower speed and as the cream thickens, increase the speed). Be careful not to over mix or "break" the whip cream mixture.
3. Pour the whipped mixture into a freezer safe container. We like to use a bread pan. Cover and freeze for about 4-5 hours. In about 3-4 hours you can have a "soft serve" type ice cream. If you prefer a more firm texture, freeze for at least 5-6 hours or overnight.
4. Now eat and enjoy this creamy, luscious, delicious dessert!

Miners Making the Rules and Regulations?

written by Clark Pearson, Northern Director, Public Lands for the People.

How would you like it if you could make the actual rules and regulations governing your own business? A dream, right? Well, the existing Federal Mining Law gives a claimholder this ability in the context of organized Mining Districts. Why are all the multitude of local, state and federal agencies regulating miners?

The Mining Districts have been neglecting their duties under Federal Mining Law (30 U.S.C. section 22). This is why the Minerals and Mining Advisory Council (MMAC) was formed as a project under Public Lands for the People (PLP)—to organize the traditionally and legally recorded Mining Districts within the United States and encourage the miners holding mining claims to step up to the plate, legally, and take charge of their future. Presently MMAC has partnered with the Coal Miners Union, the National Mining Association, PLP, and the National Association of Mining Districts. MMAC is a combined effort by numerous concerned miners, mine owners, geologists, mining engineers, retired politicians, retired military personnel, and mining attorneys who are gravely concerned about the future security of our nation and its increased dependence on foreign sources of mined materials. The utter failure of the present Congress and all the federal and state agencies that are actively shuttering the mining industry through onerous and prohibitive regulation has resulted in the exact opposite of the 1970 National Minerals Policy Act intent. MMAC has been asked by the Congressional House Subcommittee on Natural Resources to put together a comprehensive solution to our industry's plight. MMAC's solution integrates within this draft bill named the **“Minerals & Mining Regulatory Reform Act – A Clear Path Respecting Mining Rights”** true accountability providing:

Miners Making the Rules and Regulations? (continued)

written by Clark Pearson, Northern Director, Public Lands for the People.

- Regulatory certainty of 30-day approval mitigation deadline
- Regulatory certainty of exemptions to the Clean Water Acts
- Regulatory certainty of exemptions to the Mine Safety and Health Administration
- Eliminates duplicative regulation by state and local governments
- Eliminates duplicative federal agency permits and the permit system
- Provides for Equal Access to Justice Act relief
- Provides for cost effective due process appeal relief for unreasonable regulation
- Reasonable regulatory best management standards and mitigation formation procedures
- Clear environmental standing requirements to eliminate frivolous environmental lawsuits

MMAC's objectives are advancing methodically and are being well received by the Bureau of Land Management where MMAC has recognized their needed role in this process and this new path. The www.mmacusa.org website has been documenting our progress, as well as the ICMJ, in writing and publishing updates, and has been actively participating in conferences as our new path takes shape to accommodate the industries concerns.

Now, here is where your help is needed. MMAC will be entering into a negotiated contract with retired Congressman Buck McKeon (past chairman of the armed services committee) to help get this bill passed through Congress under and tied to the National Defense Authorization Act (NDAA) for budget cycle 2016 since mined materials are of National Security Interests. Congressman Buck McKeon wrote the 2012 NDAA bill and still has tremendous pull with existing members in Congress to get it done so that it will be veto proof. MMAC is using strategic political advice from a political advisor and retired military expert volunteering within MMAC. The timing of doing this now is critical! PLP's efforts in this MMAC project are to enter into this contract ASAP with McKeon Group LLC's specialist team with a goal to raise \$150,000. This is a historic, sweeping piece of legislation that will help all miners and those that cater to the industry. PLP is a 501(c)(3) and your donation for this grand endeavor will be tax deductible.

Be part of the solution today and make a healthy donation! Please make your check payable to PLP and add "for MMAC Bill" on the memo part of the check and send to: Public Lands for the People Inc, 20929 Ventura Blvd., Ste. 47-466, Woodland Hills, CA 91364 or donate online to: www.publiclandsforthepeople.org

Attendance Year:

Treasure Seekers of San Diego has an unusual attendance year. We were founded in May and our elections are held in May. Thus our yearly attendance requirement runs from May to April. You are required to attend a meeting every three (3) months in order to maintain your membership status.

Supporting the Chapter:

“The Desert Magazine” on Disk – 1937 to 1983 - \$5.00 for the set. Limit two per family.

Drywasher/Gold Panning Test Kit (B.B. 's) - \$1.00 per bag.

Bags of Gold Pay Dirt - \$10.00, \$25.00, \$50.00 and \$100.00 bags available for purchase (with limits).

Claims Guides - \$30.00 with your TSSD membership card.

Opportunity Drawings:

Door Prize – taken off the meeting sign in sheet

50/50 Split Drawing, Gold Nugget Drawing, Raffle Table Drawing

See Jerry Goldstein for your winning tickets!

TSSD does not charge dues. There is no cost to check out prospecting equipment, outings are free, prospecting our claims is free, the library is free, and the education and companionship are priceless and free.

Yet TSSD still has to pay rent, pay the mining claim fees, pay the storage bill for the equipment for you to use, gold and raffle item costs, printing fees and numerous other monthly costs.

Please support “your” club! Participate! Buy some tickets! Win!

A special ‘ticket’ is given to you for every \$20.00 spent at a meeting. This ticket is for a “Super Prize” that will be drawn at the February 2016 meeting.

Costs to run the club are on an up rise!

None of us should be surprised by the up rise in costs to do anything and the rising costs are affecting our group as well.

Rent of the meeting hall, storage facility costs, raffle prizes, printing costs are just a few that have really hit TSSD this last year.

You may have noticed an increase in the cost of the Claims Guide. We are now charging \$30.00 per guide. But what you have to remember is that we do not charge you for updated maps and information nor the filing fees that are paid annually. We have not raised the cost in over 5 years.

Our only means of income is through the raffle (opportunity) drawings held at the meetings.

Please remember to support your club the best you can.

Editors Note: Sorry some photos are larger and staggered – was having a heck of a time with the word doc this month. Hope to find a cure by next months edition.

TSSD Membership:

Membership to Treasure Seekers of San Diego is free. We do not charge an annual dues. All that is asked is that you attend meetings, participate and support the group through its opportunity drawings and events. To maintain membership, you **MUST** attend one meeting every four months.

- | | |
|--------------------------|--------------------------------------------------------------------------------------|
| 1 st meeting: | Complete and turn in a membership application. |
| 2 nd meeting: | You will be given your TSSD membership card. |
| 3 rd meeting: | You will be able to purchase a TSSD Claims Guide with proof of your membership card. |

G.P.A.A.:

Treasure Seekers of San Diego is a chapter of G.P.A.A.. This does not require you to become a member of G.P.A.A. but if you are, please advise them that you are also a member of TSSD, so that we are eligible for 'points' from your membership. TSSD uses those 'points' to obtain opportunity raffle items.

TSSD Equipment for Member's Use:

- 2 Sluice Boxes – 3 feet long
- 1 Sluice Box – 4 feet long
- 1 Mini Recirculating 9 inch sluice with pump, motor and tub
- 1 Mini Recirculating sluice with pump and motor (no tub)
- 1 Highbanker with motor and pump
- 1 Small Dry Washer (no leaf blower)
- 1 Large Dry Washer (Keene 151 with leaf blower)
- 1 Magnetic Sweeper on rollers
- 1 Au-nique Vac
- Numerous Metal Detectors – Pioneer, Torrso Bandido, Torrso Lobo and others

TSSD has equipment that it loans to its members. All we ask is that anything that is checked out is returned in the same or better condition than when it was borrowed. It is understandable that with the nature of our hobby, the equipment will get some bumps and bruises, which is acceptable. But if parts are lost or broken, it is the responsibility of the ‘borrower’ to repair or replace missing or broken parts. Further details of the equipment check out policy is on the form which you will sign when receiving the item.

Earl Sterrett, 858-922-4547, will be able to assist you with the equipment checkout. He asks that you give him a couple of days’ notice when you might need something, and when items are returned that they are CLEAN. **All equipment must be returned by the meeting following from when it was checked out.** Equipment is located at Diablo Mini Storage in Escondido.

TSSD Library:

Treasure Seekers of San Diego has a tremendous library for its members’ usage. Librarian, Roz Laffoon, will gladly assist you in checking out books, magazines, VHS/DVD’s that show you gold locations and history, treasure hunting, maps and knowledge of what to look for. Anything that is related to gold, gems and treasure hunting is available.

TSSD Claims Guides:

TSSD Claims Guides are available for purchase for \$30.00 (Thirty Dollars).

Inside each guide you will find:

1. List of Officers
2. Current year calendar of events
3. Claim Rules and Regulations
4. Chapter Support and Claims Etiquette
5. Equipment for members to check out and use
6. Claim do’s and don’ts
7. What to expect at an TSSD outing
8. Using Dowsing Rods
9. Detailed maps and information pertaining to the 15 claims of TSSD.

Claims Assessment Work Form:

Each and every time you are at one of TSSD's claims, you should be completing a Claims Assessment Work Form (located in the front of the claims guides, or at the meetings from the Claims Guide Seller). This form needs to be turned into Robert Cook, TSSD Claims Manager, at the meetings or e-mailing it to him at: rmjcc@cox.net or surface mail to: 1941 Rockhoff Road, Escondido, CA 92026-1113.

Needed information required: Claim used, Members name, Date used, Total people prospecting and time on the claim, Type of work done (clean up, maintain, filling in holes, etc.), Members signature, Claims access, Vehicle access, Claim Markers, Claims Guide Directions, Type of equipment used, Type of gold found.

It sounds like a lot, but it really is not. This information is needed to prove that our claims are being worked. If BLM questions us as to the use of our claims or wants to close one of our areas to prospecting we want to be able to produce records that show that our claims are being used.

Claim Assessment Work forms are available at the sign in table. Please return to Robert Cook.

TSSD Mining Claim(s) Corrections:

Please note the following corrections in your copy of the TSSD Claims Guide:

1. Friendly Fox Claim:
 - a. The BLM Route to the claim is #663 (mile marker 10).
2. Warner Springs Gem Claim:
 - a. The Forest Route to the claim is #9S05 (Lost Creek Rd.).
3. TSSD Cargo Claims:
 - a. The turn off from Sidewinder Road is BLM Route #715.

How to read and coordinate your GPS with TSSD Mining Guide:

1. Maps used in Claims Guide are Delorme Maps
2. Measurement is "Statue Miles"
3. GPS Coordinates are "degrees"
4. Datum is "WGS84"
5. Bearing is "True North"

Treasure Seekers of San Diego County Mission Statement

Treasure Seekers of San Diego County (T.S.S.D.) was officially organized on May 21, 2003 when the election of officers was held. We are a G.P.A.A. chapter. Non G.P.A.A. members may attend meetings and participate in the raffle, but are not eligible to vote, hold office, be on the claims committee, or utilize G.P.A.A. claims. The purpose of this organization is to provide an environment to increase public awareness, with education and training, of locating, identification and legal removal of minerals, caches and treasures while keeping in mind the preservation of the environment and wild habitat.

Meetings are held at the Park Avenue Community Center (formerly Joslyn Senior Center)

210 Park Avenue, Escondido CA

On the first Wednesday of each month, 6:30pm – 9:00pm
