

# FINDERS KEEPERS

*Editor: Charlene Myers*

## **Presidents Message:**

The elections are now over and Jerry and I were reelected to our positions. We thank you for your support. There are a number of events that we will be doing this year that will take the place in lieu of the gold shows that other organizations like to do. And, I expect you to volunteer to help us. When you come join this organization, it's not just the fun of hanging out at the meetings. I know we have great speakers and table drawings. We have fun outings and the camaraderie is great. Volunteering to help keeps this organization fresh and full of new ideas and new helpers. We have fun events, and they are educational events which were used to receive our non-profit status. So when you are asked to help, I expect you to step up to the plate.

One that is coming up this month is the Vista Strawberry Festival. This event will take place on Sunday May 29. We will be billed as an educational event where we will be teaching kids how to pan for gold and metal detect. We will also be selling prospecting equipment and crafts that our members, who volunteer to help, wish to sell. I believe we will set up the day prior to the event.

I had plans of going out to the Vista Gas and Steam Engine Gem event. We would have set up for metal detecting and gold panning for the kids but it managed to rain again. Their wet, thick gray mud isn't much fun to walk or hunt in...

There is still a lot going on with these mining districts and district bylaws issue. Joe Moratori of Sleepy Bear Mining has been traveling frequently to D.C. and is lobbying lawmakers on a bill for congress. I am hearing that this bill will be piggy-backed on the National Defense Act. Evidently, a lot of this information is in our California Mining Journal.

Our outing this month, of course, will be mentioned in our Newsletter and it will be a one day metal detecting outing at Lucerne Dry Lake. Possibility of some meteorites and who knows, maybe some old relics. I know one old relic who wants to go...

We have a very interesting speaker this month and I'm sure Charlene and/or John will break the news so I won't steal their thunder. Hope everyone is well and having fun looking for that gold or interesting finds in gemstones or other earth treasures.

Sourdough Chet

## Searching the Beaches:

By Frank Trutta

The Pacific Beach hunt went well. The weather was perfect for beach hunting and going at sun-up provided ample parking spaces.

Cliff Vaughn two small silver charms and small Tiffany gold charm plus 60 cents, Paul Mullings found a charm and a stud earring, car, Smokey bear pendant and \$1.55. Tom Alinez recovered \$3.15, I recovered two junk rings, a Timex Expedition watch and \$2.95, My wife Zee found a small gold ring and \$5.95.

Our next hunt will be at Mission Beach out from the big parking lot south of the Roller Coaster at sun-up, low tide is at 4:31 am. We should have some flat area for us to search. Should you have any questions, give me a call at my shop, Columbia Metal Detectors at 760 743-8516 or my cell phone 760 291-7900.

Hunt smart!

## Metal Detecting with John:

By John Howe

April was not a good month for beach detecting, at least at Mission Beach on April 10th. Despite dire weather forecasts, it wasn't too bad. Cloudy but no rain and not much wind. Only 3 diehards showed up for not many targets, despite the minus tide.

Here's the results...

John Howe 11 coins @ \$1.05

Paul Mullins 9 coins @ \$0.78, token, junk bracelet

Brian Kinnear 5 coins @ \$0.33, looks like a brass ring

The bad news for the May 8th hunt is that I won't be there. The good news for me is I'll be hunting in Florida. So Frank Trutta agreed to replace me and suggested La Jolla Shores on May 8th. Again it looks like a BIG minus tide early. I'll send out the reminder.

John

## Know the Difference:

TSSD is not a 'club' nor are we 'recreational miners'.

We are a 'Association' which ties us to the 1872 mining laws and we are "small miners".

Use these terms when approached by any law enforcement official while out mining.

And **ALWAYS** have your claims guide and current membership card with you.

TSSD uses those 'points' to obtain opportunity raffle items.

**Conduct and Code of Ethics**

Members shall conduct themselves in the highest ethical standards and reflect no discredit upon this association. This standard shall be one of the qualifications for membership in this association. Any violation of these standards shall be deemed grounds for expulsion.

**How many is too many?**

How many 'guests' on our claims is too many?

Re-read your Claim Rules and Regulations that you signed when signing your membership application (a copy is in the claims guide – 3<sup>rd</sup> page, 3<sup>rd</sup> paragraph).

*“The TSSD claims are for the use of TSSD members only. A guest can only go to the organization claims with a TSSD member. A limit of 2 guests with an additional 2 guests by permission of the TSSD President. The guest is limited to two visits and then must then become a member of the TSSD and purchase a TSSD Claims Guide. Unruly guests are the responsibility of the corresponding TSSD member.”*

So those of you who invite more than 2 guests, time after time after time, are in violation of TSSD Claim Rules and Regulations and will place you in a NOT good standing with the association and your membership can (and will) be withdrawn.

Police yourself.

Don't ruin it for yourself or others.

TSSD has equipment that it loans to its members. All we ask is that anything that is checked out is returned in the same or better condition than when it was borrowed. It is understandable that with the nature of our hobby, the equipment will get some bumps and bruises, which is acceptable. But if parts are lost or broken, it is the responsibility of the ‘borrower’ to repair or replace missing or broken parts. Further details of the equipment check out policy is on the form which you will sign when receiving the item.

Earl Sterrett, 858-922-4547, will be able to assist you with the equipment checkout. He asks that you give him a couple of days’ notice when you might need something, and when items are returned that they are CLEAN. **All equipment must be returned by the meeting following from when it was checked out.** Equipment is located at Valley Rose Self Storage, 1566 E. Valley Parkway in Escondido.

**TSSD Library:**

Treasure Seekers of San Diego has a tremendous library for its members’ usage. Librarian, Roz Laffoon, will gladly assist you in checking out books, magazines, VHS/DVD’s that show you gold locations and history, treasure hunting, maps and knowledge of what to look for. Anything that is related to gold, gems and treasure hunting is available.

**TSSD Claims Guides:**

TSSD Claims Guides are available for purchase for \$30.00 (Thirty Dollars).

Inside each guide you will find:

1. List of Officers
2. Current year calendar of events
3. Claim Rules and Regulations
4. Chapter Support and Claims Etiquette
5. Equipment for members to check out and use
6. Claim do’s and don’ts
7. What to expect at an TSSD outing
8. Using Dowsing Rods
9. Detailed maps and information pertaining to the 15 claims of TSSD.

**Claims Assessment Work Form:**

Each and every time you are at one of TSSD's claims, you should be completing a Claims Assessment Work Form (located in the front of the claims guides or at the meetings from the Claims Guide Seller). This form needs to be turned into Robert Cook, TSSD Claims Manager, at the meetings or e-mailing it to him at: [rmjcc@cox.net](mailto:rmjcc@cox.net) or surface mail to: 1941 Rockhoff Road, Escondido, CA 92026-1113.

Needed information required: Claim used, Members name, Date used, Total people prospecting and time on the claim, Type of work done (clean up, maintain, filling in holes, etc.), Members signature, Claims access, Vehicle access, Claim Markers, Claims Guide Directions, Type of equipment used, Type of gold found.

It sounds like a lot, but it really is not. This information is needed to prove that our claims are being worked. If BLM questions us as to the use of our claims or wants to close one of our areas to prospecting we want to be able to produce records that show that our claims are being used.

Claim Assessment Work forms are available at the sign in table. Please return to Robert Cook.
