

FINDERS KEEPERS

Editor: Charlene Myers

President's Message:

Greetings All;

Lots of great things are happening in the world of TSSD from now through the end of the year.

First and foremost, I address you this month as your President and need to, in a nutshell, explain this changeover. Klaus came to the Board of Directors in August and told us that by December due to unforeseen and time consuming personal issues he didn't expect to be able to continue as President and we should plan accordingly. The time came sooner than later. Two avenues were open to the Board per our Bylaws, calling a Special Election or Appointment. Since this is both the busiest part of the year with events, and a special election taking three months with the required notices and announcements, the Board asked if I would be willing to accept the appointment of filling out the remainder of Klaus' term. To keep it simple I agreed. Klaus has been a great friend of TSSD and a fountain of knowledge and experience when it comes to hard rock mining, I personally wish him the very best of luck in the coming months and want him to know that his TSSD family will be here with open arms when he feels fit to return.

This however, now leaves a vacancy at the 1st VP position which we will fill with a special election. The nominating committee has been formed.

Finally, our sister organization, Temecula Valley Prospectors, held their own election last month and congratulations to Jack Barbour and Joe Brecht the new President and Vice President. Special thanks and kudos to Mike Maher and his lovely wife Rosalee for their 110% effort and a job well done over the past three years.

As they say, in other news, Saturday Sept. 23rd marked two memorable occasions, First the Apocalypse was rescheduled. I didn't know such a thing was possible, foolish me, what a simple solution. And for the first time I have ever heard of, a seeded metal detecting hunt found not just ALL of the prize tokens, but MORE than the total planted coin count of 1,290 coins. There were 15 of us hunting and a job very well done, please join us next time. Special thanks to Charlene Myers for her help planting, timing, and doing the tally. To Jerry Goldstein, for his usual excellent job at picking out the prizes. They were both special and superb.

Fall has returned and with it the temperatures in the high and low deserts are retreating. We can now get back to doing what we enjoy best, namely, visiting our claims for a little prospecting, mining, and gold in the pocket. This month we are off to the Freedom claim near Red Mountain and next month to the Cargo Muchacho claims. In preparation for this flurry of activity we have Sam Radding as our speaker this month. He has had several volumes of mining equipment plans published for over a decade and it will be very interesting to hear of his new projects.

President's Message continued:

December 16th will be bringing the year end Christmas party. We will be holding it in the same place as usual, but we won't have the benefit of using the kitchen or ovens. TSS will be providing precooked Honey Baked Ham (no turkey) and everyone else the potluck salads, sides, and desserts per usual. We will also be having the gift exchange. Please note again, no kitchen! Items will have to be preheated.

We are already starting to plan the events for next year and welcome any ideas of where you would like to go or your favorite places. I don't plan on going dark for the summer next year and am thinking of East fork or a trip to the Narrows and Bridge to Nowhere. I am also thinking of approaching Jack Barbour with the idea of a trip exchange or joint trips between our groups Gold Mountain for Freedom or Cargos.

That's it for now and see you at the diggins!!!

Jerry

Searching the Beaches:

By Frank Trutta

Our metal detecting hunt went well at Pacific Beach. The weather was nice and cool and did not warm up too much by 10:00. There was a small low tide which I mainly worked and came up with \$2.74 and a tungsten carbide ring, my wife Zee beat us all with \$3.54 and a junk ring with a small opal like stone, Cliff Vaughan had \$1.44, Joan Rufner came up with 69 cents, John Howe had 30 coins for \$2.14 and a silver piece with emerald type stones and a little gold, Steve Rebik had 57 cents, Larry Brideford 17 coins for \$1.96 a foreign coin and a six pack of beer and Paul Mullins had a cell phone \$2.31 and a heart shape pendant.

For our October 22nd hunt we will make in the afternoon at 3:00 at La Jolla Shores since there is a .03 tide at 5:42 and meet at 6:00 to show off our finds. Should you have any questions call me at my shop, Columbia Metal Detectors, at [760 743-8516](tel:7607438516) or my cell phone [760 291-7900](tel:7602917900).

Hunt Smart.

Metal Detecting with John:

By John Howe

Another beautiful day at Coronado beach. We had 12 hunters and everyone found something although I missed a couple recordings. Not the greatest results but there were 3 rings and a Fitbit found. We found (at least) 160 coins for (at least) \$12.68.

Following are the results sorted by \$\$ found:

Cliff Vaughn 27 @ \$2.82; screwdriver; rusty hair clip

Brian Kinnear 26 @ \$2.55; golden man's bracelet; junk ring

Rosie Dysing ?? @ \$1.60; nice silver ring

John Howe 13 @ \$1.40; spoon

Navid Quraisity 16 @ \$1.30; Fitbit; 2 foreign coins

Mike Connelly 5 @ \$1.01

Julie Shain 9 @ \$0.99; 3 knives & forks; mood ring; 2 toy cars

Robert Cook 8 @ \$0.56

Jerry Kaplan 5 @ \$0.37

Steve & Mary Ribik 1 @ \$0.05; buckle

Art Dysing 18 @ \$???.??

Paul Mullins 3 @ \$0.03; horseshoe and the winner of the SKUNK!

The October hunt will probably be at La Jolla Shores? but will definitely be on SATURDAY 10/7. I have a conflict on our normal Sunday hunt (another hunt).

Thank you – You Make a Difference!

To Jeff Kevin of California Rifle & Pistol Association for a very informative presentation.

To Jeff Baraglia for the update of AMRA.

To each and every volunteer that it takes to run a meeting and all the behind the scene actions. You are appreciated.

Name Tags:

TSSD has a new vendor for the screen printed, hard plastic, name tags.

They are \$10.00 each with a pin back or \$12.00 each for a magnetic mount.

Please see Mary Troseth at the sign in table to order yours or to pick up your order.

What color is your membership card?

If it is not BEIGE then you are not a current member in good standing.

You will need to fill out a new membership application to receive 2017/2018 membership card at the back sign-in table during the break.

What Do You Mean My Membership and Card Has Expired:

If you do not have the new 'beige' colored membership card then your membership with TSSD has expired and you are no longer considered a member of TSSD in good standing.

This means that you are no longer able to use the TSSD claims – period.

If you are on a TSSD claim without a current “beige’ membership card then you are considered “claim jumping” and legal recourse could be taken.

Holding a TSSD claims guide does not give you the right to work our claims. You must have a current membership card as well.

See page 11 for membership requirements.

Miner’s Cookbook Corner:

Coco Cola Pork Chops

Ingredients:

1 Tbsp. vegetable oil
4 pork chops (each about 1/2-inch thick)
salt & pepper
1 cup Coca-Cola
1 cup ketchup

Directions:

Heat the oil in a large skillet over medium heat. Season chops with salt and pepper. Add the pork chops and cook, flipping once, until browned on both sides, 5 to 6 minutes.

Stir together the ketchup and Coca-Cola in a small bowl and pour the sauce over the pork chops, turning the chops to coat. Bring the sauce just to a simmer, then reduce the heat to low and allow to cook until the pork chops are no longer pink in the center and the sauce has thickened, about 15 minutes.

Serves 4

This recipe calls for Coca-Cola, but you can use Dr Pepper or Pepsi for a little added sweetness, too.

October TSSD Outing:

TSSD's Freedom Claim

Treasure Seekers of San Diego will be holding their monthly outing, Saturday and Sunday, October 21st & 22nd, 2017 at the Freedom Claim (located in the TSSD mining claim guide).

It is approximately 3 hours north of Escondido and approximately 180 miles.

There is plenty of room for tents, vehicles, motorhomes and trailers.

Dry Camping Only No hookups No Bathrooms.

This claim is known for lots of fine gold to flakes and some smaller nuggets. Drywashing, Metal Detecting and Dowsing is recommended. The previous owner of this claim dug many holes and the piles of overburden can be accessed easily. In these piles of overburden is where the gold has been found. Gold has also been found in the caliche.

When out there, don't forget to go check and prospect the other three claims that are in the immediate area. They are: "Smokin'", "Little Bit" and "Splash" which can be found in the TSSD claim guide. All are in an easy drive of each other.

Directions to the claim:

Hwy. 15 North to Hwy. 395 North. The claim is approximately 75 miles from this junction.

You can get fuel and ice in Kramer Junction or Adelanto (which is a few miles up the road) and has many gas stations, food and a Wal-Mart near Hwy. #395 and Hwy. #18. You can get water in Johannesburg.

As you enter Johannesburg, look for the street called "St. Elmo" (has a mini market on the corner) turn left. Travel a few blocks and you will see the Johannesburg Water Dept. building on your left (light brown in color with large trees). Here you can load up with water from a metered hose out in the front. They charge a few cents per gallon. You pay your money through a slot in the office door. Since the water is so cheap, most of us give a 'tip' to help keep this operation going.

Go back out to Hwy. 395 and head north.

As you head downhill you will cross a railroad track. Once passed the tracks there will be a road marked with a white barrel with a LDMA sign on it.

The street sign is called RM 26. Turn right. Travel through the LDMA (Duisenburg) claim and campground. *Please remember to do **10 mph** while going through their camp..*

You will cross the railroad tracks, bearing left.

It is suggested that you travel along the railroad tracks, past the claim and then backtrack to the claim on the well-traveled dirt road. This is the easiest road into the claim for all vehicles.

Please enjoy yourselves..... find lots of gold.....

Know what claim you are on by the GPS readings, many claims are right adjacent to TSSD's.

- 1 Large Dry Washer (Keene 151 with leaf blower)
- 1 Magnetic Sweeper on rollers
- Numerous Metal Detectors – Pioneer, Torrso Bandido, Torrso Lobo and others

TSSD has equipment that it loans to its members. All we ask is that anything that is checked out is returned in the same or better condition than when it was borrowed. It is understandable that with the nature of our hobby, the equipment will get some bumps and bruises, which is acceptable. But if parts are lost or broken, it is the responsibility of the "borrower" to repair or replace missing or broken parts before the return date. Further details of the equipment check out policy is on the form which you will sign when receiving the item.

Earl Sterrett, 858-922-4547, will be able to assist you with the equipment checkout. He asks that you give him a couple of days' notice when you might need something, and when items are returned that they are CLEAN. **All equipment must be returned by the meeting following from when it was checked out.** Equipment is located at Valley Rose Self Storage, 1566 E. Valley Parkway in Escondido.

Those people who borrow equipment, and do not bring it back in the same condition or better, or do not bring it back in a timely manner, will be restricted from future access to the equipment.

TSSD Claims Guides:

TSSD Claims Guides are available for purchase for \$30.00 (Thirty Dollars).

Inside each guide, you will find:

1. List of Officers
2. Current year calendar of events
3. Claim Rules and Regulations
4. Chapter Support and Claims Etiquette
5. Equipment for members to check out and use
6. Claim do's and don'ts
7. What to expect at an TSSD outing
8. Using Dowsing Rods
9. Detailed maps and information pertaining to the 15 claims of TSSD.

See Steve Balbo at the sign in table at break to purchase at Break Time.

Claims Assessment Work Form:

Each and every time you are at one of TSSD's claims, you should be completing a Claims Assessment Work Form (located in the front of the claims guides or at the meetings from the Claims Guide Seller). This form needs to be turned into Al Ockert, TSSD Claims Manager, at the meetings. Needed information required: Claim used, Members name, Date used, Total people prospecting and time on the claim, Type of work done (clean up, maintain, filling in holes, etc.), Members signature, Claims access, Vehicle access, Claim Markers, Claims Guide Directions, Type of equipment used, Type of gold found.

It sounds like a lot, but it really is not. This information is needed to prove that our claims are being worked. If BLM questions us as to the use of our claims or wants to close one of our areas to prospecting, we want to be able to produce records that show that our claims are being used.

Claim Assessment Work forms are available at the sign in table. Please return to Al Ockert or to Charlene Myers at the sign in table.

See Someone Claim Jumping:

If you see someone that you think is claim jumping one of our claims – you need to do the following: Photograph the person, vehicles, equipment and whatever else you can and send the information to the Board including the date, time and location of the possible offense.

Mining Laws:

USFS/FSM (Forest Service Manual) 2800 – Minerals and Geology, Chapter 2810 – Mining Laws:
www.fs.fed.us/im/directives/fsm/2800/2810.doc *This is a PDF file well worth the read.*

Know the Difference:

TSSD is not a 'club' nor are we 'recreational miners'. We are a 'Association' which ties us to the 1872 mining laws and we are "small miners". Use these terms when approached by any law enforcement official while out mining. And **ALWAYS** have your claims guide and current membership card with you.
