President’s Message:

Happy March Everyone,

Well a quarter of the year is almost over and a very busy month is in store. The Ides of March, St. Paddy's day, Daylight Savings returns, the beginning of Spring, Palm Sunday, Good Friday and Passover just to name a few. For the Treasure Seekers, Kramer Hills 2.0 on the 10th, metal detecting on the 11th, and Freedom claim on the 17th and 18th.

I wasn't able to make the Cargo Muchacho's trip but did get up to the Gold Show in Pomona and saw quite a few of you there. It was nice to see Tom Massey and his son Kale, as well as, Shannon Poe from AMRA, and Pat Keene from Keene engineering. A couple from LDMA out of Duisenberg have located a new rich area higher up on the hill that has some nice flakes and chunkier pieces. They found 18.5 grams in a month. That’s a half ounce.

We need your help in a very important matter. SB 1222 is being brought to the California legislature concerning the exact definition of what a suction nozzle on a dredge is. Since the original bill suspending suction dredges was passed, rivers and waterways can be desert dry washes that carry water for a few hours every 10 years and dredges have morphed into any mechanized or motorized tool. Read dry washers, quads, four by fours. Letters need to be written to both your state representatives and the committee members to redefine what a dredge is, and not include everything imaginable under the Sun. The rights you are fighting for protecting are very much becoming your own. Please help AMRA on this matter as they are taking the lead.

See you in the field.

Your Prez,
Jerry Kaplan

Searching the Beaches:
By Frank Trutta

Our Mission Beach hunt started off at 40 degrees but warmed up enough not to be a problem. Everyone found something. This is probably one of the most hunted beaches here in San Diego. Brian Kinnear had 13 cents and a toy car, My wife Zee got $3.26, Tom Alaniz had $1.25, Ron Gonsalves And Sue Connor had $1.01, Jerry Kaplan 27 cents and new lighter, I got two Chuckie Cheese tokens, $2.05 and a toy car, John Howe with his new Equinox had 32 coins for $1.78, Cliff Vaughan topped out at 36 coins for $3.66, Jim Bertino with his new CTX 3030 had $1.30 and a pair of ear rings, and Larry Bridgeford 75 cents and two Pesos.

Not sure where we will go next month on March 25\textsuperscript{th} so we will announce it at the meeting. Should you have any questions on beach hunting give me a call at my shop, Columbia Metal Detectors, 760 743-8516 or on my cell phone 760 291-7900.

Hunt Smart!

Metal Detecting with John:
By John Howe

Here are the results for our club hunt at Ocean Beach on 2/11. We had 9 hunters and as usual, everybody found stuff. And as usual, it was a perfect day for a beach hunt. Only 1 ring was found and not a great haul of cash. We all found 158 coins for $11.61. Here are the results sorted by $$ found:

Me 39 coins for $3.63
Zee Trutta 20 coins for $1.90
Mike Vinzinski 36 coins for $1.70 and a 1929 wheatie
Cliff Vaughan 10 coins for $1.17 and a junk ring
Tom Alaniz 11 coins for $1.06 and a Mexican coin and a chain
Frank Trutta 10 coins for $0.92
Jerry Kaplan 14 coins for $0.44
Brian Kinnear 12 coins for $0.25 (but then he was using a borrowed machine)
Julie Shain 6 coins for $0.10 And the \textbf{winner of the skunk}!

For the March hunt (3/11), it'll be either Coronado or Imperial Beach. I need to guess which beach will be better for the April hunt (the week after Easter) and then pick the other for March.
So I decided on Imperial Beach. I'm just betting on Coronado being better after Spring Break & Easter.
Thank you – You Make a Difference!

To Michele Silva and Dan Crumpton (Michele’s assistant) on a very funny presentation of gold panning.
To Jerry Goldstein for his outstanding Yearly Membership Appreciation Raffle. 19 fantastic prizes were raffled.

TSSD is not a ‘club’ nor are we ‘recreational miners’.
We are a ‘Association” which ties us to the 1872 mining laws and we are “small miners”.
Use these terms when approached by any law enforcement official while out mining.
And **ALWAYS** have your claims guide and current membership card with you.

March Outing #1: Kramer Hills Gem Area
March 10th, 2018 - Saturday

Saturday, March 10th, 2018 will find TSSD exploring Kramer Hills Gem Area(s).

Kramer Hills is located off of Hwy. 395 approximately 3 ½ miles south of Kramer Junction where Hwy. 395 and Hwy. 58 meet. ALCUDIA is not a marked road, but it is labeled on most Google Maps.
It is the first turn off on your right as you descend the last hill into Kramer Jct.

The meeting location will be at ALCUDIA Road and Hwy. 395. Everyone should be at the meeting location by 9:00am on Saturday morning. It is approximately 146 miles from Escondido to Kramer Jct.

The Kramer Hills have been a productive rockhounding area since the 1940’s. It still yields tons of beautiful common opal, agate and mixtures of both, Petrified Bog showing reeds, twigs and grasses, seam agate, dendritic agates, moss & flower agate, jasper, petrified palm, opalite, chert and other.

You can drive throughout most of this area with 2-wheel drive, but stay on the good roads. Enter this area from Alcudia Road, approximately 3.5 miles south of Kramer Junction. Head east on Alcudia Road and explore.

What to bring:
Food, Water, Hat, Gloves, Walking/hiking boots, eye protection
Collecting bags and tools, Newspaper to wrap your finds in and a Full tank of fuel
Come prepared for ‘you’ and what you will need for the day.

Many websites and blogs can be found about this area by just Googling “Kramer Hills”.
March Outing #2:  

**TSSD’s Freedom Claim**  

Treasure Seekers of San Diego will be holding their monthly outing, Saturday and Sunday, March 17th & 18th, 2018 at the Freedom Claim (located in the TSSD mining claim guide).  
It is approximately 3 hours north of Escondido and approximately 180 miles.

There is plenty of room for tents, vehicles, motorhomes and trailers.

**Dry Camping Only   No Hookups   No Bathrooms.**

This claim is known for lots of fine gold to flakes and some smaller nuggets. Drywashing, Metal Detecting and Dowsing is recommended. The previous owner of this claim dug many holes and the piles of overburden can be accessed easily. In these piles of overburden is where the gold has been found. Gold has also been found in the caliche.

When out there, don't forget to go check and prospect the other three claims that are in the immediate area. They are: "Smokin'", "Little Bit" and "Splash" which can be found in the TSSD claim guide. All are in an easy drive of each other.

**Directions to the claim:**

Hwy. 15 North to Hwy. 395 North. The claim is approximately 75 miles from this junction.

You can get fuel and ice in Kramer Junction or Adelanto (which is a few miles up the road) and has many gas stations, food and a Wal-Mart near Hwy. #395 and Hwy. #18. You can get water in Johannesburg.

As you enter Johannesburg, look for the street called "St. Elmo" (has a mini market on the corner) turn left. Travel a few blocks and you will see the Johannesburg Water Dept. building on your left (light brown in color with large trees). Here you can load up with water from a metered hose out in the front. They charge a few cents per gallon. You pay your money through a slot in the office door. Since the water is so cheap, most of us give a 'tip' to help keep this operation going.

Go back out to Hwy. 395 and head north.

As you head downhill you will cross a railroad track. Once passed the tracks there will be a road marked with a white barrel with a LDMA sign on it.

The street sign is called RM 26. Turn right. Travel through the LDMA (Duisenburg) claim and campground.  

*Please remember to do 10 mph while going through their camp.*

You will cross the railroad tracks, bearing left.

It is suggested that you travel along the railroad tracks, past the claim and then backtrack to the claim on the well-traveled dirt road. This is the easiest road into the claim for all vehicles.

Please enjoy yourselves...... find lots of gold......

Know what claim you are on by the GPS readings, many claims are right adjacent to TSSD’s.

TSSD does not charge dues. There is no cost to check out prospecting equipment, outings are free, prospecting our claims is free, the library is free, and the education and companionship are priceless and free.
Yet TSSD still has to pay rent, pay the mining claim fees, pay the storage bill for the equipment for you to use, gold and raffle item costs, printing fees and numerous other monthly costs.

Please support ‘your’ Association! Participate! Buy some tickets! Win!

A special ‘ticket’ is given to you for every $20.00 spent at a meeting. This ticket is for a “Super Prizes” that will be drawn at the February 2019 meeting.

How many ‘guests ‘on our claims is too many?

Re-read your Claim Rules and Regulations that you signed when signing your membership application (a copy is in the claims guide – 3rd page, 3rd paragraph).

“The TSSD claims are for the use of TSSD members only. A guest can only go to the organization claims with a TSSD member. A limit of 2 guests with an additional 2 guests by permission of the TSSD President. The guest is limited to two visits and then must then become a member of the TSSD and purchase a TSSD Claims Guide. Unruly guests are the responsibility of the corresponding TSSD member.”

So those of you who invite more than 2 guests, time after time after time, are in violation of TSSD Claim Rules and Regulations and will place you in a NOT good standing with the association and your membership can (and will) be withdrawn.

Police yourself. Don’t ruin it for yourself or others.

TSSD has a Post Office Box:
Treasure Seekers of San Diego now has a Post Office Box for all its correspondence.

What Do You Mean My Membership and Card Has Expired:

If you do not have the new ‘beige’ colored membership card then your membership with TSSD has expired and you are no longer considered a member of TSSD in good standing.

This means that you are no longer able to use the TSSD claims – period.

If you are on a TSSD claim without a current “beige” membership card then you are considered “claim jumping” and legal recourse could be taken.

Holding a TSSD claims guide does not give you the right to work our claims. You must have a current membership card as well.

See page 11 for membership requirements.

G.P.A.A.:
Treasure Seekers of San Diego is a chapter of G.P.A.A. This does not require you to become a member of G.P.A.A. but if you are, please advise them that you are also a member of TSSD, so that we are eligible for ‘points’ from your membership. TSSD uses those ‘points' to obtain opportunity raffle items.

GPAA update . . .
by Frank M. Trutta

GPAA is no longer selling their Membership Kits to clubs/associations. I will be carrying the kits at my shop Columbia Metal Detectors. You can pick up new kits to become a member of GPAA or you can come in and renew your current membership. The points are still available for the clubs/associations, just designate which one you want the points to go to and they will give the club/association credit. This way the club/associations can receive merchandise from GPAA for the club members.

Should you have any questions give me a call at 760 743-8516 or 760 291-7900.

Attendance Year:
Treasure Seekers of San Diego has an unusual attendance year. We were founded in May and our elections are held in April. Thus, our yearly attendance requirement runs from May to April. You are required to attend a meeting every three (3) months in order to maintain your membership status.

Your “beige” colored Membership cards are to be worn at the meetings and while at the claims. This way we know that you are already a member.
Not to be stored in your claims guide or in a drawer or your vehicle.
**TSSD Membership:**
Membership to Treasure Seekers of San Diego is free. We do not charge an annual due. All that is asked is that you attend meetings, participate and support the group through its opportunity drawings and events. To maintain membership, you MUST attend one meeting every three (3) months.

1\textsuperscript{st} meeting: Complete and turn in a membership application.
2\textsuperscript{nd} meeting: You will be given your TSSD membership card.
3\textsuperscript{rd} meeting: You will be able to purchase a TSSD Claims Guide with proof of your membership card.

**Conduct and Code of Ethics:**

**Termination/Suspension of Membership:**

Receiving the TSSD Newsletter, “Finders Keepers”, does NOT make you a member of TSSD. You must meet the requirements for active membership.

TSSD Library:

Treasure Seekers of San Diego has a tremendous library for its members’ usage. Librarian, Roz Laffoon, will gladly assist you in checking out books, VHS/DVD’s that show you gold locations and history, treasure hunting, maps and knowledge of what to look for. Anything that is related to gold, gems and treasure hunting is available.

TSSD Equipment for Member’s Use:

- 2 Sluice Boxes – 3 feet long
- 1 Sluice Box – 4 feet long
- 1 Mini Recirculating 9-inch sluice with pump, motor and tub
- 1 Mini Recirculating sluice with pump and motor (no tub)
- 1 Highbanker with motor and pump
- 1 Small Dry Washer (no leaf blower)
- 1 Large Dry Washer (Keene 151 with leaf blower)
- 1 Magnetic Sweeper on rollers
- Numerous Metal Detectors – Pioneer, Torrso Bandido, Torrso Lobo and others
- And other items for prospecting.

TSSD has equipment that it loans to its members. All we ask is that anything that is checked out is returned in the same or better condition than when it was borrowed. It is understandable that with the nature of our hobby, the equipment will get some bumps and bruises, which is acceptable. But if parts are lost or broken, it is the responsibility of the “borrower” to repair or replace missing or broken parts before the return date. Further details of the equipment check out policy is on the form which you will sign when receiving the item.

Earl Sterrett, 858-922-4547, will be able to assist you with the equipment checkout. He asks that you give him a couple of days’ notice when you might need something, and when items are returned that they are CLEAN. All equipment must be returned by the meeting following from when it was checked out. Equipment is located at Valley Rose Self Storage, 1566 E. Valley Parkway in Escondido.

Those people who borrow equipment, and do not bring it back in the same condition or better, or do not bring it back in a timely manner, will be restricted from future access to the equipment.

TSSD Claims Guides:

TSSD Claims Guides are available for purchase for $30.00 (Thirty Dollars).

Inside each guide, you will find:

1. List of Officers
2. Current year calendar of events
3. Claim Rules and Regulations
4. Chapter Support and Claims Etiquette
5. Equipment for members to check out and use
6. Claim do’s and don’ts
7. What to expect at an TSSD outing
8. Using Dowsing Rods
9. Detailed maps and information pertaining to the 15 claims of TSSD.

See Steve Balbo at the sign in table at break to purchase a claims guide.
Claims Assessment Work Form:

Each and every time you are at one of TSSD’s claims, you should be completing a Claims Assessment Work Form (located in the front of the claims guides or at the meetings from the Claims Guide Seller). This form needs to be turned into Al Ockert, TSSD Claims Manager, at the meetings. Needed information required: Claim used, Members name, Date used, Total people prospecting and time on the claim, Type of work done (clean up, maintain, filling in holes, etc.), Members signature, Claims access, Vehicle access, Claim Markers, Claims Guide Directions, Type of equipment used, Type of gold found.

It sounds like a lot, but it really is not. This information is needed to prove that our claims are being worked. If BLM questions us as to the use of our claims or wants to close one of our areas to prospecting, we want to be able to produce records that show that our claims are being used.

Claim Assessment Work forms are available at the sign in table. Please return to Al Ockert or to Charlene Myers at the sign in table.
